County Manager Katy Simon read and presented the Resolution to Steve Rogers. Mr. Rogers thanked the Board members and posed with them for a photograph.

There was no response to the call for public comment.

On motion by Commissioner Jung, seconded by Commissioner Humke, which motion duly carried, it was ordered that Agenda Item 5 be approved and adopted. The Resolution for same is attached hereto and made a part of the minutes thereof.

08-857 AGENDA ITEM 6 – PUBLIC COMMENT

Agenda Subject: “Public Comment. Comment heard under this item will be limited to two minutes per person and may pertain to matters both on and off the Commission agenda. The Commission will also hear public comment during individual action items, with comment limited to two minutes per person. Comments are to be made to the Commission as a whole.”

County Manager Katy Simon stated: "The Chairman and Board of County Commissioners intend that their proceedings should demonstrate the highest levels of decorum, civic responsibility, efficiency and mutual respect between citizens and their government. The Board respects the right of citizens to present differing opinions and views, even criticism, but our democracy cannot function effectively in an environment of personal attacks, slander, threats of violence, and willful disruption. To that end, the Nevada Open Meeting Law provides the authority for the Chair of a public body to maintain the decorum and to declare a recess if needed to remove any person who is disrupting the meeting, and notice is hereby provided of the intent of this body to preserve the decorum and remove anyone who disrupts the proceedings."

Bob Fulkerson spoke regarding Agenda Item 25. He suggested the agenda item proposing an ordinance to amend the Truckee Meadows Regional Plan was legally inadequate because it did not propose specific policies or amendments to the Regional Plan, and did not bring water resources in balance with land use as called for by a citizens' ballot initiative. He pointed out the Commission's deadline to remove the question from the ballot by adopting it as an ordinance had already passed. Mr. Fulkerson requested the people be allowed to vote on the sustainable water initiative, which was placed on the ballot after 28,000 voter signatures were collected.

Tony Harsh said it was imperative for the sustainable water initiative to proceed to the ballot box in November 2008. She talked about her participation in collecting signatures for the measure and suggested those who signed were expecting to vote on the issue. She emphasized the importance of dealing with water issues in an open public forum with the intent of achieving manageable growth.

Sam Dehne expressed doubts that the sustainable water initiative would be passed during the election or enacted into law.

Ardena Perry submitted her comments in writing, which were placed on file with the Clerk. She discussed her concerns about the number of animals at the Regional Animal Center, and alleged there was an adversarial relationship between those who shared in the operation of the facility.

08-858 AGENDA ITEM 7 – ANNOUNCEMENTS

Agenda Subject: "Commissioners'/Manager's Announcements, Requests for Information, Topics for Future Agendas and Statements Relating to Items Not on the Agenda. (No discussion among Commissioners will take place on this item.)"

County Manager Katy Simon requested the removal of Agenda Item 8K(5) from the consent agenda to allow for separate consideration later in the meeting when Justice of the Peace Alan Tiras could be present. She clarified the donations to be accepted by the Board in Agenda Item 8M(3) were designated for the Senior Center.

Commissioner Humke talked about a citizen complaint received by the Manager's Office regarding blockage of a Washoe County easement in Washoe Valley. He said action was being taken to rectify the problem so it could remain an open easement in favor of Washoe County. He commented there had been communication from another citizen concerned about the construction of a helipad site in western Washoe Valley. He looked into the matter and discovered that the Community Development had no authority to regulate such a site. Commissioner Humke asked any other concerned citizens to contact him so he could investigate further as to what might be done about the problem. He requested information from staff as to the scope of cuts in State Medicaid and other welfare programs by the State of Nevada, in order to determine the effect on Washoe County.

Commissioner Weber asked the County Manager to look into the concerns expressed during public comment by Ms. Perry. She stated Tom Noblett, a citizen who could not attend the meeting, had been involved with some code enforcement complaints in Sun Valley that were ruled on by the Sparks Justice Court. She indicated there were homes in the area that had been having code enforcement issues for a number of years and she hoped to speak with the Sparks Justices about the problem. She announced the upcoming second annual barbecue for the Nevada Association of Counties (NACO) at Bartley Ranch, as well as the NACO Board meeting.

Chairman Larkin said the Commission sometimes came under attack by some members of the community because of its policies on the Open Meeting Law and the two-minute limitation on public comment. He read a letter from the Office of the Attorney General, which was placed on file with the Clerk. Nevada Attorney General's File No. 08-008 indicated a complaint by Guy Felton was investigated and found to have no merit. The Attorney General's response to the complaint upheld the Board's policies, also finding there was no statutory requirement for a public body to approve its agenda before convening a meeting, removal of an agenda item did not equate to taking action on the item, and public bodies were free to remove agenda items at any time. Based on video review, the Attorney General's letter pointed out the action to remove Mr. Felton from a previous County Commission meeting complied with the statutory authority to remove willfully disruptive people who made the orderly conduct of a public meeting impractical. The letter referenced Section 8.05 of the *Nevada Open Meeting Law Manual*, 10th Edition, dated 2005.

Chairman Larkin announced the unveiling of an innovative project for green power generation by developer Steve Hamilton at the Pebble Creek Subdivision.

Commissioner Galloway called attention to a newspaper item regarding the certification of signatures for a ballot question in Nevada, which was modeled after California's Proposition 13. He said he was provisionally favorable to the measure, but needed more information as to its potential effect on revenues. He requested that staff provide the revenue information, and also comment about what might happen to the constant series of lawsuits coming out of Incline Village over property tax assessments. If

successful, he believed the measure would change Nevada to a system of ad valorem taxation, whereas the current assessment system separated land and improvement values.

Commissioner Jung talked about her attendance at a Bangladeshi barbecue, where she addressed the crowd. She said she spent about three hours observing Adult Drug Court and Family Drug Court in the Second Judicial District Court, and had plans to observe Mental Health Court in the future. She applauded the staff and judges who were so committed to the Specialty Court programs. She stated the programs were far more difficult than going to jail, and were designed to keep families together and to keep the participants employed. Commissioner Jung attended a workshop sponsored by the Economic Development Authority of Western Nevada (EDAWN) at the University of Nevada, Reno regarding the recruitment of collegiate talent for the local community. She described it as an excellent event that was very well attended by many different organizations and private companies. She said she spoke at the Reno-Sparks Chamber of Commerce Leadership Academy on behalf of Washoe County about economic forecasts and growth projections for the County. She announced her appointment to the Board of Directors for the Northern Nevada HIV Outpatient Program Education and Services (HOPES) organization. She pointed out the program was funded almost solely by the Ryan White Act in order to provide social services, vocational training, medication and housing to HIV positive members of the community. Commissioner Jung discussed her attendance at the Keep Truckee Meadows Beautiful Volunteer Appreciation event, where County staff and the County Commission were honored for their work in keeping the community clean.

DISCUSSION – CONSENT AGENDA (ITEMS 8A THRU 8N(2))

The Board removed Agenda Item 8K(5) from the consent agenda to allow for separate consideration later in the meeting when Justice of the Peace Alan Tiras could be present.

08-859 AGENDA ITEM 8A – MINUTES

Agenda Subject: “Approve minutes for the Board of County Commissioners’ meetings of April 22, May 27, June 24 and July 15, 2008.”

Commissioner Weber disagreed with a statement on the third paragraph of page 6 in the minutes for April 22, 2008, which suggested she had not been in favor of a meeting regarding the Sierra Nevada Teen Ranch. She said it should have indicated the residents had not been in favor of a meeting. Amy Harvey, County Clerk, agreed to check into it and correct the minutes.

There was no public comment on this item.

On motion by Commissioner Weber, seconded by Commissioner Galloway, which motion duly carried, it was ordered that Agenda Item 8A be approved after the correction requested by Commissioner Weber.

08-860 AGENDA ITEM 8B – REGISTRAR OF VOTERS

Agenda Subject: “Vote Canvass - August 12, 2008 Primary Election. (All Commission Districts)”

In response to the call for public comment, Sam Dehne talked about the process for verifying votes. He objected to those who might benefit from the results of the vote being allowed to participate in the canvass.

Commissioner Weber thanked the Registrar of Voters’ staff for their hard work, as well as those in the community who worked at the polling locations.

Commissioner Galloway pointed out there was oversight for the election process that went beyond the County Commission. He stated the Nevada Secretary of State could examine election results at any time, and the County’s oversight was simply one part of a checks and balances system for certifying the election results.

Commissioner Jung mentioned there was also an oversight committee to watch over the polling places. She thanked former County Commissioner Jean Stoess and other members of the community for their participation on the committee.

Commissioner Humke joined the other Commissioners in thanking Dan Burk, Registrar of Voters, his employees, and all of the Washoe County employees and members of the community who worked long hours at the polling locations on Election Day. He encouraged voters to look at the paper printout on the voting machine in order to verify their own ballot. He thanked Commissioner Galloway for his part in coming up with the paper verification system during the 2004 election.

On motion by Commissioner Weber, seconded by Commissioner Galloway, which motion duly carried, it was ordered that the vote canvass submitted under Agenda Item 8B be approved. 08-889 **AGENDA ITEM 9 – APPEARANCE**

Agenda Subject: **“Assistant Sheriff Emerson, Operations Bureau Commander, Sheriff’s Office – Update on RAVEN 3 repairs. (All Commission Districts)”**

Assistant Sheriff Marshall Emerson reported on the status of repairs to the RAVEN 3 aircraft and placed his written report on file with the Clerk. He briefly summarized the helicopter accident that occurred on April 2, 2008. He discussed administrative actions taken since the event, which was determined to be the result of a slight miscalculation on the part of the pilot that caused a single rotor blade to contact the ground. He said revisions to the aircraft’s standard operating procedures and training standards were underway and were expected to be completed soon. He stated the two main rotor blades were sent to a Bell Textron subsidiary in Louisiana called Rotor Blades Incorporated. Further inspection there indicated the undamaged blade was airworthy and it was to be shipped back. Assistant Sheriff Emerson explained the damaged blade was determined to be a Boeing product and Sergeant Kevin Eikleberry of the RAVEN Unit was in contact with Boeing engineers to determine the feasibility of rebuilding the blade. He said all other components had been installed and electrical testing of the final wiring was expected to take place August 22, 2008. He anticipated engine runs would begin during the week of August 25th, followed by tracking and balancing of the main rotors, and test flights would then be conducted. He estimated the aircraft would be fully mission capable by September 5, 2008. He stated the delay from the originally estimated completion date of August 8, 2008 was due to difficulties in obtaining small but integral parts needed to complete the repairs. Assistant Sheriff Emerson referred to a comparison of estimated and actual costs for each of the replacement parts provided in his status report. He pointed out the repairs came in more than \$65,000 under budget due to the efforts of Sergeant Eikleberry and his staff. On behalf of the Sheriff’s Office, he thanked the Las Vegas Metropolitan Police Department for voluntarily transferring an extra damper assembly they had in their possession, which resulted in a savings of more than \$23,000 to Washoe County.

Chairman Larkin asked whether repairs were on track to have the aircraft operational by September 5, 2008. Assistant Sheriff Emerson stated they were, barring any unforeseen issues during the final stages of the repairs. He indicated the aircraft was currently located in Stead, where County aviation mechanics were working on it. Chairman Larkin thanked Sergeant Eikleberry for his part in the budget savings.

There was no action taken on this item.

08-890 **AGENDA ITEM 10 – APPEARANCE AND RESOLUTION**

Agenda Subject: **“Mike Dillon of The Builders Association of Northern Nevada and Kevin Dick of the Nevada Small Business Development Center – Presentation regarding Sierra Green Program and adoption of Resolution supporting regional Sierra Green Program. (All Commission Districts)”**

2:10 p.m. Commissioner Galloway temporarily left the meeting.

Don Jeppson, Chief Building Official and Director of Building and Safety for Washoe County, read and presented the Resolution to Mike Dillon, Executive Director of the Builders Association of Northern Nevada, and Kevin Dick of the Business Environmental Program at the University of Nevada, Reno's (UNR) College of Business Administration.

Mr. Dillon provided the Executive Summary from a lengthy report containing the Sierra Green Program standards, which was placed on file with the Clerk. He stated work on the Program had been underway for 18 months, with input from UNR, environmentalists, the construction industry and local governments. He thanked several Washoe County officials for their input and support, including Mr. Jeppson, Assistant County Manager Dave Childs, Planning Manager Mike Harper, Director of Community Development Adrian Freund, Water Resources Program Manager Jim Smitherman, and County Manager Katy Simon. He explained the working committee was seeking the Board's endorsement of the Program and looked forward to partnering with the County to achieve goals related to sustainable practices. Mr. Dillon clarified the Program was a green building program for residential construction that was adapted to the local climate zone, and was not a Leadership in Energy and Environmental Design (LEED) program. He said it was hoped that green building practices could be incorporated in local planning as a means of providing incentives for program participation.

Mr. Dick conducted a PowerPoint presentation, which was placed on file with the Clerk. He described the Northern Nevada Green Residential Building Program as a collaborative effort between the Builders Association of Northern Nevada (BANN), the Builders Association of Western Nevada (BAWN) and the Business Environmental Program under the College of Business Administration at UNR. He explained the local guidelines were based on green building guidelines developed by the National Association of Home Builders from 2004 to 2006, and the Sierra Green Program was in conformance with a green building standard for residential construction awaiting ANSI accreditation in April 2009. He indicated additional components and point scores were added to Sierra Green to address important regional climate issues such as water conservation and energy-efficient heating and cooling. He said the standards recognized many of the green building practices already occurring in the region. He stated Sierra Green was a voluntary program and it was hoped the builders could advance to higher tiers of better construction practices as they gained experience in green building techniques. He pointed out the Sierra Green Program provided a common understanding of what was meant by green residential construction. The Sierra Green label was intended to provide for recognition and allow comparison among homes as to what components were included in their plans and construction. He indicated the Program would provide a framework for high performance homes in order to improve the occupants' comfort and health, and to conserve natural resources. He briefly outlined each of the ten chapters that comprised the comprehensive standard, including: Scope and Administration; Definitions; Compliance Methods; Site Design and Development; Lot Design,

Preparation and Development; Resource Efficiency; Energy Efficiency; Water Efficiency; Indoor Environmental Quality; and Operation, Maintenance and Building Owner Education. He emphasized the owner's maintenance and operation of a home would make the greatest impact over the home's lifetime.

2:23 p.m. Commissioner Galloway returned to the meeting.

Mr. Dick explained there was a scoring system that assigned one to four stars for the overall plan and layout of a green subdivision, as well as a numeric scoring system for each home and lot within a subdivision. He reviewed the minimum point requirements for each home to receive performance level ratings of bronze, silver, gold or emerald within multiple categories. He stated specific documents and records were required to verify the points assigned to each home and subdivision. He noted third-party verification by certified Home Energy Rating System (HERS) raters was required, for which the HERS rater would charge an independent verification fee. He indicated the Program would be administered by BANN and BAWN within their respective territories. Mr. Dick said the builders intended to provide training for builders, contractors, HERS raters and local government entities. He stated there were plans to develop a Sierra Green rater training program and a Sierra Green builder's certification program. BANN and BAWN were expected to actively market the program to builders and homeowners, and would work to track its future environmental benefits.

Chairman Larkin asked for examples of some green home components. Mr. Dick explained points would be given for insulation that was installed well, duct work that was properly sealed, lot designs that promoted infiltration for storm water protection and used drought-tolerant landscaping, passive and active solar systems, water conservation irrigation systems, and many other items. Chairman Larkin wondered what kind of average savings might be seen by homeowners. Mr. Dillon replied that specific numbers were not yet available, but a grant had been obtained from the Environmental Protection Agency to track and study the numbers going forward. He indicated most LEED construction projects found the additional cost of building components was typically recovered within four to six years.

There was no response to the call for public comment.

On motion by Commissioner Weber, seconded by Commissioner Jung, which motion duly carried, it was ordered that Agenda Item 10 be approved and adopted. The Resolution for same is attached hereto and made a part of the minutes thereof.

DISCUSSION – BLOCK VOTE

The Board combined Agenda Items 11, 13, 15, 16, 19, 20 and 21 into a single block vote.

08-891 AGENDA ITEM 11 – DISTRICT ATTORNEY’S OFFICE

Agenda Subject: “Recommendation to authorize the District Attorney to initiate a lawsuit against the parties responsible for the Hawken fire in order to recover costs incurred by Washoe County and Sierra Forest Fire Protection District (now known as Sierra Fire Protection District) to extinguish the fire. (Commission District 1)”

Deputy District Attorney David Creekman indicated, if the Board approved the item, he would initiate immediate action in the Second Judicial District Court against the party believed to be responsible for the Hawken Fire that occurred in July 2007. The fire resulted in burn damage to 2,700 acres, threatened human life, and resulted in quite a bit of real property destruction. He estimated the County’s costs for extinguishing the fire at just over \$1 million. He stated the claim would be based on the County’s statutory right of recovery under NRS 473, as well as the legal theory of simple negligence.

Commissioner Galloway said many citizens had inquired about cost recovery, but a fair amount of legal research and staff time was required before the County could pursue legal action. He pointed out the fire had been very avoidable.

There was no public comment on this item.

On motion by Commissioner Humke, seconded by Commissioner Weber, which motion duly carried, it was ordered that Agenda Item 11 be authorized.

08-892 AGENDA ITEM 13 – RISK MANAGEMENT

Agenda Subject: “Recommendation to approve the settlement of the lawsuit Colin Garnes and Scott Garnes v. Washoe County et al., for a total sum of \$100,000 for all claims against all defendants. (All Commission Districts)”

On motion by Commissioner Humke, seconded by Commissioner Weber, which motion duly carried, it was ordered that Agenda Item 13 be approved.

08-893 AGENDA ITEM 15 – PURCHASING DEPARTMENT

Agenda Subject: “Recommendation to award Invitation to Bid #2655-08 for Mosquito Abatement Products, for the Environmental Health Division of the Washoe County District Health Department, on a multiple award basis, to the lowest, responsive, responsible bidders (Adapco - bid items 3, 4 and 5; Target Products – bid item 6; and, bid items 1, 2 and 7) to be determined by a public lot drawing in the Purchasing Department to break a 4-way tie for these products - award recommendation is made on a requirements basis [estimated annual amount up to \$360,000] - the term of the award shall be from the date of bid approval

through November 30, 2009, with Washoe County retaining the option for a one-year extension. (All Commission Districts)”

Katy Simon, County Manager, said a public lot drawing was done in this case because all of the bidders received their supplies from the same company and submitted the same prices. She clarified the successful bidder for bid items 1, 2 and 7 was B&G Chemicals and Equipment.

There was no public comment on this item.

On motion by Commissioner Humke, seconded by Commissioner Weber, which motion duly carried, it was ordered that Agenda Item 15 be approved and awarded.

Agenda Subject: “Recommendation to authorize the Department of Social Services to reimburse the State Division of Child and Family Services \$482,013.75 [\$228,368.04 for Fiscal Year 2007 and \$253,645.71 for Fiscal Year 2008] for the room and board, clothing, school supplies and personal incidental costs of children in the custody of Washoe County in higher levels of care receiving Social Security benefits for Fiscal Year 2007 and Fiscal Year 2008. (All Commission Districts)”

(Commission District 5)”

County Manager Katy Simon stated all funds used for the project were designated and restricted for a specific purpose because they were voter approved funds and grant funds received from the State. She said residential tax money was the only local money included in the project, and was also restricted in its purpose.

There was no public comment on this item.

On motion by Commissioner Humke, seconded by Commissioner Weber, which motion duly carried, it was ordered that Agenda Item 19 be approved, awarded, authorized, executed, accepted and directed.

08-896 AGENDA ITEM 20 – PUBLIC WORKS DEPARTMENT

Agenda Subject: “Recommendation to accept grant [\$366,577 - with no match required] from Federal Highway Administration Office of Safety Funds through the State of Nevada Department of Transportation to provide safe routes to school initiatives related to education, enforcement, encouragement and evaluation; and if accepted, authorize Chairman to execute Sub Recipient’s Agreement between the County of Washoe and State of Nevada (Department of Transportation); authorize Chairman to execute Sub Grantee’s Agreement between the County of Washoe and Washoe County School District [\$295,257]; authorize Director of Public Works to sign all subsequent documents and reports associated with this grant; and, authorize Finance to make appropriate budget adjustments. There was no public comment on this item.

On motion by Commissioner Humke, seconded by Commissioner Weber, which motion duly carried, it was ordered that Agenda Item 21 be approved and awarded.

08-898 AGENDA ITEM 12 – HUMAN RESOURCES

Agenda Subject: “Recommendation to select an option to advertise for the position of Social Services Director, and to select an option for the process by which candidates for the position of Social Services Director are interviewed, either directly by the Board, or by a Board-appointed Panel with or without final Board interviews prior to a Board appointment. (All Commission Districts)”

Assistant County Manager John Berkich indicated Mike Capello, the current Social Services Director, would be leaving his position in early January 2009. He said it was hoped the selection process for a replacement would be completed sometime

in November 2008. He requested the Board's direction as to how the position should be advertised, what selection process should be used, and who should be involved in the selection process. Given the complexity of the work performed in the Social Services Department, he recommended a nationwide search to fill the position. He pointed out the staff report included the names of those who might serve on a selection panel, and suggested a selection panel could bring forward the top three candidates to be interviewed by the Board. Mr. Berkich stated the Department had a lot of work to do prior to the upcoming Legislative Session.

Chairman Larkin asked about a timeline for recruitment and selection, and wondered whether it was possible get someone up to speed before the 2009 Legislative Session. Mr. Berkich said the recruitment and selection process would begin immediately, pending the Board's direction. Based on who was selected, he indicated every attempt would be made to get the new Director up to speed.

Commissioner Galloway asked who would run the department in Mr. Capello's absence. Mr. Berkich stated Mr. Capello would remain with the County through the end of 2008. He explained Mr. Capello had been recruited by the State and the State had asked to use him on a part-time basis over the next four to five months. He said an item would be brought to the Board at a future meeting to consider approving that request, and to consider appointing Kevin Schiller, Division Director of Children's Services, as a Co-Manager during that period of time. Commissioner Galloway questioned why recruitment option 2 in the staff report had been ruled out. He suggested the regional approach of recruiting in counties and states with populations and social service activities similar to those of Washoe County might yield greater success. Mr. Berkich replied a nationwide search would cast the largest possible net, but said he was happy to accept the Board's direction.

Commissioner Jung referred to the estimated fiscal impact of \$25,000 plus any reimbursed expenses, and commented the various approaches to recruitment would have to result in widely different costs. Mr. Berkich pointed out \$25,000 would be the maximum amount spent.

Commissioner Humke agreed a regional search was appropriate. He remarked there were some eastern states that did not have counties.

There was no response to the call for public comment.

Chairman Larkin said he was indifferent as to whether the search was conducted nationally or regionally. He stated the Board's experience with the previous appointment of a judge convinced him the analysis of candidates should not be delegated to a screening panel. County Manager Katy Simon remarked the Board had benefited in the past from having the participation of individuals who were familiar with the work. Chairman Larkin indicated he would not eliminate a review of some kind, but he wanted the Board to see the initial applications for all of the candidates. Ms. Simon requested the participation of some professional staff who knew what was required to be successful in

such difficult work. Chairman Larkin agreed the professional staff could provide a numerical score, but he did not want any candidates to be eliminated before applications were brought to the Commission. Commissioner Galloway agreed with Chairman Larkin.

Mr. Berkich clarified the Board's direction was to advertise regionally in the western United States, and to have a screening panel consisting of the individuals recommended in the staff report. He said the panel would assign a numerical rating to all qualified applicants, and the Board would look those over before holding a subsequent interview process. Chairman Larkin emphasized he wanted to see all applicants, not necessarily just those who were qualified, and the Board would then decide how to conduct interviews. Commissioner Galloway suggested the screening panel could set up one or more categories in which to rate the candidates and indicate a "U" or "0" for those who were not qualified in a particular category.

On motion by Commissioner Galloway, seconded by Commissioner Humke, which motion duly carried, it was ordered that:

1. The position would be advertised regionally according to Option 2, as outlined in the staff report.
2. A screening panel would be utilized, consisting of the individuals recommended in the staff report and/or those to be selected by Assistant County Manager John Berkich.
3. The screening panel would rate all candidates in one or more categories as they saw fit, including a rating of "0" to indicate those who were unqualified in a given category.
4. The screening panel would forward all applications received to the Board of County Commissioners for review.
5. The Board of County Commissioners would review the screened applications and take further action to determine how to make their final selection.

08-899 AGENDA ITEM 8K(5) – PUBLIC WORKS DEPARTMENT

Agenda Subject: "Approve naming the newly renovated Incline Justice Court space the James V. Mancuso Justice Court. (Commission District 1)"

Earlier in the meeting, the Board removed Agenda Item 8K(5) from the consent agenda to allow for separate consideration when Justice of the Peace Alan Tiras could be present.

Judge Tiras explained there had only been two judges in the entire history of the Incline Justice Court. He stated Judge Mancuso was the first judge to serve, and he served in that capacity for 27 years. He indicated Judge Mancuso had been his mentor and mentored many other judges throughout the State of Nevada. He said it was a great pleasure to propose that the newly remodeled facility be named in Judge Mancuso's

honor as a small token of appreciation for his years of public service to Incline Village, to the County and to the State.

Commissioner Galloway thanked Judge Tiras for his thoughtful suggestion. He said renaming the facility was the right thing to do and he hoped everyone could live up to the tradition started by Judge Mancuso.

There was no response to the call for public comment.

On motion by Commissioner Galloway, seconded by Commissioner Humke, which motion duly carried, it was ordered that Agenda item 8K(5) be approved.

3:01 p.m. Chairman Larkin declared a brief recess.

3:20 p.m. The Board reconvened with all members present.

08-900 AGENDA ITEM 14 – PURCHASING DEPARTMENT

Agenda Subject: “Recommendation to extend sole source purchase authorization with Granite Construction Company, for the purchase of bituminous plant mix and concrete asphalt products from their batch plant located in Sparks, Nevada, for a one year period, and if approved, authorize Acting Purchasing and Contracts Administrator to make such purchases as may be required in annual amounts that may exceed \$100,000; and it is further recommended that this sole source authorization be renewable for up to two additional years if no new sources of supply are identified and product pricing has not stabilized. (All Commission Districts)”

County Manager Katy Simon explained there was no other provider for the required material, but the County would still have the ability to pursue other options if another provider became available.

Commissioner Galloway asked whether there was an opportunity to share the bidding with other local entities. Public Works Director Dan St. John said he was very encouraged by the ongoing discussions about shared services that might be more efficient and economical to the taxpayers. He indicated he had not investigated the business case in this instance, but was willing to look into it. He noted the County was in the middle of its pavement restoration season and should continue on its present course in the meantime.

Commissioner Galloway recommended the renewal option not be authorized without the Commission’s approval. He suggested three months to allow for analysis of shared services. Mr. St. John said that would allow continuation of the current season’s operations and agreed to bring a report back to the Board regarding shared services. Commissioner Galloway requested information as to the prices paid by

governments in Sacramento and Salt Lake City for comparable work. He wondered if local prices were historically high because there was no competition.

There was no response to the call for public comment.

On motion by Commissioner Galloway, seconded by Commissioner Jung, which motion duly carried, it was ordered that the sole source authorization in Agenda Item 14 be approved and authorized for a period of one year, with subsequent renewals to be brought before the Board of County Commissioners for approval.

08-901 AGENDA ITEM 17 – REGISTRAR OF VOTERS

Agenda Subject: “Recommendation to approve appointments to the Ballot Arguments Committees for Ballot Questions WCSD 1 (Washoe County Schools Construction and Revitalization), RTC 2 (2008 Public Transit Funding), WC 3 (Save our Water – Sustainable Growth), SFPD 4 (Special Elective Tax), RTC 5 (2008 Streets and Highways Funding), WC 6 (Education Funding Now) and Incline Village General Improvement District 7 (Incline Village Advisory) for the November 4, 2008 General Election. (All Commission Districts)”

Dan Burk, Registrar of Voters, explained one to three individuals for and against each ballot question needed to be appointed to serve on the committees that would write up arguments and rebuttals to guide the voters. He indicated the list of those who volunteered to serve was attached to the staff report.

Chairman Larkin asked what would happen in cases where no one volunteered to serve on a committee. Mr. Burk replied he and the District Attorney’s Office would write the argument in such cases and there would be no rebuttal. He stated the Board could direct him to contact other individuals if they were aware of someone who was known to want the position, but the appointments would have to be made under the current agenda item in order to meet deadlines.

Commissioner Galloway observed the updated list of volunteers provided by staff had no names under the opposing committee for Question WCSD 1 and SFPD 4. Chairman Larkin pointed out there were two packets distributed, and one of them indicated “completed by jurisdiction” in some of the opposed committee columns. He asked which list was correct. Mr. Burk clarified the updated volunteer list with the columns left blank was the correct version.

Commissioner Galloway nominated Ted Harris and Jim Clark of Incline Village to serve on the committee to write opposing arguments for Question WCSD 1. He nominated Ted Harris for consideration on the committee to write opposing arguments for Question RTC 2. He nominated Paul Reynolds of Crystal Bay to serve on the committee to write arguments in favor of Question IVGID 7, provided it would not bar Mr. Reynolds from working at the polling place during the election. Mr. Burk assured him there was no conflict.

Chairman Larkin confirmed the following list of volunteer names from which the Board could select appointees:

08-902 AGENDA ITEM 18 – REGIONAL PARKS AND OPEN SPACE

Agenda Subject: “Acknowledge receipt of report on the status of the North Valleys Regional Park Neighborhood Center and provide direction for the next phase, which is to receive proposals for complete architectural design and construction estimates. (Commission Districts 3 and 5)”

Doug Doolittle, Director of Regional Parks and Open Space, explained the funds from the sale of water rights at the Sierra Sage Golf Course, about \$8 million, were previously designated by the Board for use at the North Valleys Regional Sports Complex. He stated approximately \$2 million had already been spent for phases II and III of the project. He pointed out a swimming pool and a gymnasium had been identified by the community as important components after numerous public meetings. The Architect, Collaborative Design Studios (previously known as Lundahl and Associates), had completed preliminary work to come back with a schematic design and estimate of costs. Mr. Doolittle said the options included doing a swimming pool first and gymnasium second, gymnasium first and swimming pool second, or building both at the same time. He noted costs were estimated several months ago at \$6.5 million for a 13,400 square foot swimming pool, \$6.4 million for a 14,700 square foot gymnasium, or \$11.8 million for a 25,800 square foot facility containing both. He indicated the operational costs for a swimming pool were approximately \$250,000 to \$500,000 annually, much higher than those to operate a gymnasium. He stated the final architectural design phase would cost approximately \$450,000 for one structure or \$900,000 for both of them, leaving only about \$5 million in the fund for the actual construction of a facility. Mr. Doolittle stated there had been several meetings held with interested partners to search for additional funding options, but there were no firm conclusions at this time.

Commissioner Weber commented, although the designated money was drawing interest, there was not enough in the fund to reach the desired end result. She

suggested a future agenda item to consider using some of the accumulated interest money to benefit the Sierra Sage and Washoe County Golf Courses. She pointed out the Regional Complex was almost completely surrounded by areas within the jurisdiction of the City of Reno. She said she had been working with City Councilman Dwight Dortch and there was a possibility for collaboration with the City in order to fund construction of both the swimming pool and the gymnasium. She cautioned it would still be necessary to find a way to fund the operation and maintenance of a swimming pool, which was very expensive. Commissioner Weber did not believe it was the best use of the designated funds to build only one of the facilities.

Commissioner Jung asked how much interest money was available. Mr. Doolittle replied there was approximately \$811,000 in accumulated interest. He confirmed that only the interest money could be used for a purpose other than the Regional Complex. Commissioner Jung said working with the City was a good compromise. She stated, although swimming pools were expensive to run, one was desperately needed in the North Valleys. She noted there were some aquatics clubs working to create a nonprofit organization to raise more funds.

Commissioner Weber acknowledged there were many groups in the North Valleys community who wanted to see the Regional Complex money go for different types of athletic fields. She indicated there had been discussion within the City to put more athletic fields at nearby Mayors Park, leaving the Regional Complex for a swimming pool and gymnasium facility.

Commissioner Galloway said he supported future discussion of the interest money for the golf courses. He recalled there had been an agreement with the City of Reno and suggested there should be a legal opinion as to whether use of the interest money could be construed as a violation of the agreement. Melanie Foster, Legal Counsel, clarified the agreement with the City did not specify how accrued interest money might be dealt with. She said there was no language in the agreement as to the intentions of the parties at the time. She indicated it would be necessary to discuss it with the City in more detail. Commissioner Weber recalled the City had been apprehensive about spending money on a golf course.

Commissioner Galloway pointed out the City previously paid for the operation of a swimming pool at a different location until it became inoperable, and wondered if the County could pay for the gymnasium and the City could pay for the swimming pool. He said he would be reluctant to support the County taking on the operation and maintenance of a new swimming pool. He suggested the Board take no action at this time, while staff investigated further as to the use of the interest money for the golf courses and the possibility of partnerships to fund the Regional Complex.

Chairman Larkin suggested a future agenda item to discuss the interest money, separate from any discussion of the Regional Complex. He said the only action necessary regarding the Regional Complex was for the Board to accept the staff report. Commissioner Weber requested more discussion in the future about collaboration with

the City of Reno. Mr. Doolittle agreed there was a tremendous opportunity at the current time because ongoing meetings about shared services were taking place with both of the Cities. He said he would be bringing a report to the joint bodies to highlight some of the opportunities, and that would include the Regional Complex. Commissioner Galloway pointed out the agenda item also allowed for the Board to provide staff direction.

There was no public comment on this item.

On motion by Commissioner Galloway, seconded by Commissioner Weber, which motion duly carried, it was ordered that the staff report for Agenda Item 18 be accepted. The Board also provided staff direction in accordance with their discussion.

4:19 p.m. The Board convened as the Board of Fire Commissioners for the Sierra Fire Protection District with all members present.

4:20 p.m. Commissioner Humke temporarily left the meeting.

4:33 p.m. Commissioner Humke returned to the meeting.

4:33 p.m. The Board convened as the Board of Fire Commissioners for the Truckee Meadows Fire Protection District with all members present.

4:54 p.m. The Board reconvened as the Board of Washoe County Commissioners with all members present.

08-903 AGENDA ITEM 28

Agenda Subject: “Consideration of approval for purchase of one Pierce DX Tender with all optional equipment for the County Fire Suppression Program’s Red Rock Station from Pierce Manufacturing, adjoining Truckee Meadows/Washoe County Bid No. 2658-09 [\$189,423 - and for the total expenditures not to exceed \$200,000]. (Commission District 5)”

Marty Scheuerman, Division Chief for the Truckee Meadows Fire Protection District, thanked the Board for finding the funds for the much needed equipment.

There was no public comment on this item.

On motion by Commissioner Humke, seconded by Commissioner Weber, which motion duly carried, it was ordered that Agenda Item 28 be approved.

**AGENDA ITEM 29 – MANAGEMENT SERVICES/
GOVERNMENT AFFAIRS**

Agenda Subject: “Discussion and direction to staff regarding legislation or legislative issues proposed by Legislators, by Washoe County or by other entities permitted by the Nevada State Legislature to submit bill draft requests, or such legislative issues as may be deemed by the Chair or the Board to be of critical significance to Washoe County, or issues arising out of the special legislative session. (All Commission Districts)”

Management Services Director John Slaughter conducted a PowerPoint presentation, which was placed on file with the Clerk. He indicated the Nevada Legislature would convene in February 2009 and an extremely difficult session was expected because of the State’s revenue situation. He stated new taxes were probably off the table, and there would be major discussion regarding the allocation of existing funds between the State and local governments. He anticipated this would have a major impact on local governments, including Washoe County. He said the Legislature was expected to consider funding for major transportation projects, local government accountability, assistance to homeowners in foreclosure, and protection of the State’s senior population. Mr. Slaughter indicated the subjects of about 250 Bill Draft Requests (BDR’s) had been released and about 100 of those had the potential to impact the County. He pointed out the County had been reduced to submitting only four BDR’s, and other entities had been reduced as well. He reviewed the BDR deadlines, and stated the August 26, 2008 meeting would be the last opportunity for the Commission to discuss BDR’s before they must be sent to the Legislative Counsel Bureau (LCB). He noted the LCB must finish final writing of all local government BDR’s in order to pre-file them by December 15, 2008, and there was a possibility that some BDR’s would be dropped if the LCB staff could not complete the process.

Chairman Larkin asked for an advance preview of possibilities for the County’s four BDR’s. Mr. Slaughter outlined the following possibilities, which had not yet been given any particular priority:

1. A placeholder for a Regional Transportation Commission ballot question that would require Legislative action if passed (RTC 5).
2. Extension of Tentative Map expiration dates because of the economic slowdown.
3. Flexible hours of County operation and services in order to reduce costs.
4. Fuel surcharge added to fines/fees for certain moving violations to recoup increased fuel costs for emergency vehicles.
6. Clarification of the definition of “public purpose” when the County acted as a pass-through agency for grants of public funds.

7. Allow increase in the ending fund balance for the Enhanced 911 (E911) Fund and the extension of allowable use to all E911 technology. Such funds were collected through a telephone surcharge and there was no ability to collect from new technologies such as Voice Over Internet Protocols.

Mr. Slaughter reviewed the following BDR's that were under consideration by the Nevada Association of Counties (NACO):

1. Allow county commissions to have input into certain tax abatements granted to new or expanding businesses by the Nevada Commission on Economic Development.
2. Retain current options for providing indigent defense services, remove the limitation that only counties with populations less than 100,000 may choose to utilize the State Public Defender's Office, and require the State to fully fund its constitutional mandate to provide indigent defense regardless of the method of delivery.
3. Change the Open Meeting Law to allow performance evaluations to be conducted in private for those who report directly to a county commission (such as a county manager).

Commissioner Galloway said he had an unresolved issue involving the ability for the County to recover money for infrastructure projects in areas too small to create special assessment districts, such as the Allison/Filmore Drive area. He indicated there were occasions when it was necessary to prevent pollution of the Truckee River by putting in sewer pipes and subsequently charge homeowners for hooking up to the system. In such cases, he stated the County was placed at risk when putting in the infrastructure, and had to deal with the public reaction later. He said he was interested in creating a process that notified the public up front and did not place public money at risk, such as a line of credit on general short-term borrowing.

Commissioner Galloway indicated there were areas, such as those above Thomas Creek, where only a small number of the lots were occupied and there was no way to assess the lots in order to minimally maintain a road. He said the County needed the ability to create some kind of small assessment district to pay for minimal maintenance so it was not taking on the liability associated with a true public road. He stated it was not truly a public road, but was required for access and safety reasons. In such situations, he indicated those who owned the unoccupied lots were in the majority and did not use the road.

Mr. Slaughter said he would present a more specific BDR proposal at the Commission meeting on August 26, 2008.

Agenda Subject: “Reports/updates from County Commission members concerning various boards/commissions they may be a member of or liaison to (these may include, but not be limited to, Regional Transportation Commission, Reno-Sparks Convention & Visitors Authority, Debt Management Commission, District Board of Health, Truckee Meadows Water Authority, Organizational Effectiveness Committee, Investment Management Committee, Citizen Advisory Boards).”

Commissioner Humke reported there was an issue being brought before the Board of Health that would not come to the County Commission if passed. He said it related to a new visiting nurse program that represented a major budgetary decision, but was simply agendaized as acceptance of a grant. He commented the acceptance of any major new program typically went through the budget process. He stated he would be investigating further.

Commissioner Weber indicated she had not been present during the Board’s June 2008 discussion about reducing the number of Citizen Advisory Board (CAB) meetings. She said the Cold Springs CAB had been merged with the North Valleys CAB, the Gerlach CAB met on a quarterly basis, and the North Valleys, Verdi and Sun Valley CABs had all agreed to reduce meetings when they could during the summer and holiday months.

Chairman Larkin stated he received a staff report from the Regional Transportation Commission (RTC) indicating Bus Route 37 was not cost effective. He said staff recommended the development of a transportation management authority (TMA), which would operate under the RTC and might make federal funding available to subsidize the operation of a van for specific groups of individuals. Commissioner Weber thanked Chairman Larkin, and stated a van would not be acceptable for the more than 6,000 residents of the North Valleys, many of whom were dependent on bus transportation. She suggested a bus that would stop during peak hours only.

Commissioner Galloway indicated he was meeting with Sheriff Mike Haley to discuss the proposed point of reporting changes for Incline Village, which would involve increased use of County vehicles. He said there was an item on the Reno City Council’s upcoming agenda to narrow Mayberry Drive to three lanes. He stated he was not opposed to the addition of a bike lane, but recalled previous concerns that the RTC be allowed to increase the capacity of Fourth Street in the future. He explained the City of Reno had a plan that implied they might want to keep Fourth Street restricted in order to motivate people to ride buses. Commissioner Galloway commented any increased traffic from Fourth Street would divert to Mayberry Drive, which was purely a residential street.

Commissioner Jung announced she would be judging a 4-H Ambassador Contest and 4-H Fashion Review at the Nevada State Fair. She said she was looking forward to the upcoming barbecue for the Nevada Association of Counties (NACO), a

Soroptomist's Cowboy Poetry fundraiser, the Third Annual Reno AIDS Walk, and a poker tournament to sponsor the McQueen High School Band in the Tournament of Roses Parade.

DISCUSSION – AGENDA ITEMS 22, 23 AND 24 (SEE MINUTE ITEMS 08-906, 08-907 AND 08-908)

Commissioner Galloway asked whether any of the three proposed ordinances would result in the requirement to do fingerprinting that was not already being done. Paul Lipparelli, Assistant District Attorney, said he did not believe so. He emphasized the point of the ordinances was not to create new fingerprinting requirements, but to put the authority that currently existed under State law into the County Code. Melanie Foster, Legal Counsel, agreed the ordinances did not add any new requirements for people to be fingerprinted. She confirmed for Commissioner Galloway that the County had already been exercising the authority granted under State law.

08-906 AGENDA ITEM 22 – DISTRICT ATTORNEY'S OFFICE

Agenda Subject: “Introduction and first reading of an Ordinance amending Washoe County Code Chapter 45 by clarifying requirements for fingerprinting/background checks, and other matters properly relating thereto.”

Bill No. 1561, entitled, “AN ORDINANCE AMENDING WASHOE COUNTY CODE CHAPTER 45 BY CLARIFYING REQUIREMENTS FOR FINGERPRINTING/BACKGROUND CHECKS, AND OTHER MATTER PROPERLY RELATING THERETO” was introduced by Commissioner Humke, the title read to the Board and legal notice for final action of adoption directed.

08-907 AGENDA ITEM 23 – DISTRICT ATTORNEY'S OFFICE

08-908

AGENDA ITEM 24 – DISTRICT ATTORNEY’S OFFICE

Agenda Subject: “Introduction and first reading of an Ordinance amending Washoe County Code at Chapter 30 by clarifying the requirements for fingerprinting/background checks, standardizing procedures and providing other matters properly relating thereto.”

Bill No. 1563, entitled, “AN ORDINANCE AMENDING WASHOE COUNTY CODE AT CHAPTER 30 BY CLARIFYING THE REQUIREMENTS FOR FINGERPRINTING/BACKGROUND CHECKS, STANDARDIZING PROCEDURES AND PROVIDING OTHER MATTERS PROPERLY RELATING THERETO” was introduced by Commissioner Humke, the title read to the Board and legal notice for final action of adoption directed.

08-909

AGENDA ITEM 25 – DISTRICT ATTORNEY’S OFFICE

Agenda Subject: “Introduction and first reading of an Ordinance amending the Washoe County Code by adding Chapter 115 (Truckee Meadows Regional Plan) and Section 115.010 (Sustainable Water Resources Balance) to provide the Truckee Meadows Regional Plan be amended to reflect and to include a policy or policies requiring that local government land use plans be based upon and in balance with identified and sustainable water resources available within Washoe County and other matters properly relating thereto.”

Paul Lipparelli, Assistant District Attorney, explained citizens had the right under the State Constitution to petition for a new law (an initiative) or to petition regarding an existing law (a referendum). He stated a citizens’ committee gathered enough signatures for a petition named Save Our Water, which was certified by the Washoe County Registrar of Voters on July 15, 2008. He said the initiative called for an amendment to the Truckee Meadows Regional Plan and the County Commission was required by statute to consider adoption of an ordinance based on the language of the petition. If the Commission did not adopt an ordinance, chose to substantially amend the language of the petition, or did not act within 30 days of the petition being certified, the matter was required to go before the voters. Mr. Lipparelli pointed out, although the proposed ordinance was placed on the first available Commission agenda, it was beyond 30 calendar days.

Chairman Larkin asked what legal counsel was recommending to the Board. Given the possibility that the 30-day time period had lapsed, Mr. Lipparelli indicated the safe option would be for the Board to take no action and place the matter before the voters. He added there was some discussion that it might be outside the legal jurisdiction of the County Commission to mandate an amendment to the Truckee Meadows Regional Plan.

In response to the call for public comment, Erik Holland placed his comments on file with the Clerk. His comments favored allowing the matter to go to the voters.

Bill Fine urged the Commission to wait until after the election to create any ordinance concerning the issue.

Commissioner Galloway commented that, although the Board appeared to have no choice from a legal standpoint, he would still choose to put the matter before the voters. Commissioner Jung agreed it was the right thing to do and hoped it would put Washoe County, the City of Reno, the City of Sparks, and the Regional Planning Governing Board on a path toward working with the citizens to come up with a solution. Commissioner Weber said she appreciated the work done by the citizens' group in getting signatures for the petition, and said it was only proper to put it before the voters.

On motion by Commissioner Humke, seconded by Commissioner Jung, which motion duly carried, the Board took no action concerning the proposed ordinance in Agenda Item 25 and directed that the initiative be submitted to the registered voters of Washoe County at the General Election on November 4, 2008.

08-910 AGENDA ITEM 30 – WORK CARD PERMIT APPEAL

Following the Closed Session, the Commission will return to open session in the Caucus Room to take action on the appeal and finish the remainder of the August 19, 2008 Board Agenda.”

5:40 p.m. Chairman Larkin temporarily left the meeting.

5:41 p.m. On motion by Commissioner Galloway, seconded by Commissioner Jung, which motion duly carried with Chairman Larkin absent, Vice Chairperson Weber ordered that:

1. The Board of Washoe County Commissioners go into closed session pursuant to NRS 241.020(1) for the purpose of considering a work card permit appeal for Zachary Whited;

3. The meetings of both Boards be adjourned from the Caucus Room.

Following discussion, the Board reconvened in open session in the Caucus Room with all members present to take action on the work card permit appeal.

There was no public comment on this item.

On motion by Commissioner Galloway, seconded by Commissioner Humke, which motion duly carried with Commissioner Jung voting “no,” it was ordered that the work card permit appeal in Agenda Item 30 be denied.

08-911 AGENDA ITEM 32 – CLOSED SESSION
