SUBJECT: Approve amendments totaling an increase of \$163,023 in both revenue and expense to the FY16 CDC ELC - Ebola Supplement Federal Grant Program, IO 11242; and if approved direct the Comptroller's office to make the appropriate budget adjustments. (All Commission Districts)

SUMMARY

The Washoe Board of County Commissioners must approve amendments to the adopted fiscal year budget and direct the Comptroller's Office to make the appropriate budget adjustments.

The Washoe County Health District received a Notice of Subgrant Award from the Division of Public and Behavioral Health for the period April 1, 2015 through March 31, 2017 in the total amount of \$374,953 in support of the Centers for Disease Control and Prevention (CDC) ELC – Ebola Supplement Federal Grant Program, IO 11242. A copy of the face page of the Notice of Subgrant Award is attached.

BCC Strategic Objective supported by this item: Safe, Secure and Healthy Communities.

District Board of Health strategic priority: Protect population from health problems and health hazards.

Goal supported by this item: Approval of the Subgrant Award supports the Epidemiology and Public Health Preparedness (EPHP) Division's mission to strengthen the capacity of public health infrastructure to detect, assess, and respond decisively to control the public health consequences of bioterrorism events or any public health emergency.

PREVIOUS ACTION

There has been no previous action taken by the Board this fiscal year specific to this award, however, the Board approved amendments totaling an increase of \$9,324 in both revenue and expense to the FY15 CDC Ebola Virus Direct Active Monitoring Grant, IO 11228 in March 2015.

BACKGROUND

On February 4, 2015, a grant application was submitted under the District Health Officer's signature to the State of Nevada, Department of Health & Human Services, Division of Public & Behavioral Health requesting 24 months of funding to support new ELC Domestic Ebola activities. These activities include: Conducting onsite infection control assessments for Ebola assessment hospitals and address gaps determined by these assessments; Participating in Statewide Hospital Acquired Infection Advisory (HAI) Group, Recruiting healthcare infection control personnel to participate in this Advisory Group; Working to promote HAI mitigation strategies identified in the revised HAI Plan; Promoting infection control education sponsored by the State; and Participating in outbreak identification, prevention and control.

Funding from this award will be used to support current personnel (.05 FTE of the District Health Officer, .10 FTE of the Epidemiology Center Director and 1.0 FTE of an Epidemiologist), contractual services and indirect costs. These funds would not be supplanting as the Washoe County Health District would not be performing these activities without the available funds because of changing priorities.

The FY15 CDC ELC – Ebola Supplement funds were not projected in the FY16 budget. The total award amount is \$374,953 for a 2 year period (through FY17). A budget amendment in the amount of \$163,023 is necessary to bring the Notice of Subgrant Award into alignment with the FY16 program budget. A budget adjustment is not necessary for the indirect revenue.

FISCAL IMPACT

Should the Board approve these budget amendments, the adopted FY 16 budget will be **increased by** \$163,023 in the following accounts:

Account Number 2002-IO-11242	-431100	Description Federal Revenue Total Revenue	Amount of <u>Increase/(Decrease)</u> \$163,023 \$163,023
