

November 17, 2022

The attached document is certified by the Board of County Commissioners of Washoe County, Nevada to be a true copy of the Abstract of Votes cast in the General Election on November 8, 2022, having been duly certified by the Accuracy Certification Board appointed pursuant to NRS 293B.390 and canvassed by the Washoe County Board of County Commissioners on November 18, 2022.

It is noted in the canvass that the clerical errors discovered in the election were as follows: 1) Attorney General candidate John Kennedy was deemed not to be eligible for the office and court ordered not to have votes cast for him counted, 2) the contest of School Board District D was on the ballot, however Beth Smith won in the Primary, therefore the contest was disabled and not counted, 3) the term of the office of Justice of the Peace was noted as 4 years on the ballot, however the term of Justice of the Peace is set in statute as 6 years, 4) the Verdi TV District and Palomino Valley General Improvement District showed on the ballot that there were 2 seats vacant on each when it should have read 3. It was determined by the Washoe County Board of County Commissioners that these clerical errors did not change the reported results of the election and therefore the declared results represent the true vote cast.
